📍 Alappuzha, Kerala

PROFESSIONAL SUMMARY

Curious and self-driven MCA graduate with a strong interest in software development and AI-powered applications. Built and deployed full-stack projects while continuously exploring modern development tools and best practices. Passionate about solving real-world problems through technology. Seeking an opportunity to contribute to a collaborative engineering team, gain real-world development experience, and grow as a Software Developer.

PROJECTS

GoFi - AI-Powered Productivity Platform (live demo) 📄

Python, Django, LangChain, ChromaDB, Gemini AI, Bootstrap, HTML, CSS, JavaScript, Docker

- Built an AI-powered productivity platform for intelligent note management and organization.
- Integrated Gemini AI, LangChain, and ChromaDB for context-aware note search using RAG.
- Implemented secure authentication and user-specific note management.
- Used TiDB as a cloud database for scalable and persistent data storage.

Mekanik - AI Vehicle Service Platform (live demo) 📄

Python, Flask, MySQL, Gemini AI, Bootstrap, HTML, CSS, JavaScript, Docker

- Built an AI-assisted vehicle service platform for booking, tracking repairs, and connecting customers with mechanics.
- Integrated Google Gemini API for AI-powered vehicle diagnosis and service recommendations.
- Implemented role-based authentication for admin, mechanic, and customer access.
- Developed an appointment management system for streamlined service scheduling.
- Used Flask, SQLAlchemy ORM, and TiDB Cloud for scalable backend and data management.

Impruv - Skill Evaluation System 📄

Python, Flask, MySQL, HTML, CSS, JavaScript

- Built a web-based skill assessment platform with progress tracking and performance analysis.
- Developed personalized learning recommendations based on users' skill gaps.
- Implemented secure user and admin authentication using Flask and MySQL.
- Used Flask and MySQL for efficient backend development and data management.

SKILLS

Programming Languages: Python, JavaScript

Frontend: HTML, CSS, React

Backend: Flask, Django

Databases: SQL, MySQL, MongoDB

Tools & Version Control: Docker, Git, GitHub

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management

EDUCATION

Master of Computer Applications

SREE NARAYANA GURUKULAM COLLEGE OF ENGINEERING
CGPA - 7.93

09/2024 – 06/2026
Ernakulam

Bachelor of Computer Applications

SAS SNDP YOGAM COLLEGE
CGPA - 6.19

10/2021 – 06/2024
Pathanamthitta

CERTIFICATES

- Data Science for Engineers - NPTEL (IIT Madras), 2025
- Responsive Web Design - freeCodeCamp
- SQL (Basic) Certificate - HackerRank
